Thank you for partnering with the Clinton County History Center to promote local history through your photo project! As you know, the History Center makes this partnership available as a way to continue our mission of encouraging community involvement in the preservation, education, and promotion of Clinton County's history and genealogy. The funds generated from this project are used to further our preservation of photo images by way of purchasing museum quality archival materials.

Please note, the images you are receiving are the sole property of the History Center and we ask that you only use said images for the project you have discussed with the Executive Director. Our policy is as stated: *"The Clinton County History Center makes images available for a single use, specific project or production. **Images furnished by CCHC may not be resold, licensed, rented or reused in any other production or for any purpose other than originally specified.** All requests for photographic reproduction must be submitted to the Executive Director. There is a \$12.00 use fee per photograph, plus any outside reproduction costs you may choose to embark upon. The Clinton County History Center reserves the right to refuse any requests"*.

If displaying the images in a public space we recommend that you list the Clinton County History Center as the source of images. This can help your business or staff better communicate where other individuals can acquire a copy themselves as well as allow the community to understand the value of preserving local history. Thank you again for partnering with the Clinton County History Center! We hope you enjoy the images you have selected and please reach out should you have questions, comments, or need additional services! We greatly appreciate your interest in our organization and passion for history.
